CAPE COD COMMERCIAL LINEN SERVICE TO ACQUIRE HYANNIS BUILDING TO HOUSE STATE-OF-THE-ART LAUNDRY FACILITY

(Hyannis, MA – November 15, 2011) Cape Cod Commercial Linen Service, Inc. (CCCLS) has announced that it has former F.W. Webb property at 880 Attucks Lane under-agreement, with plans to create a state-of-the-art commercial laundry facility, opening by April 15, 2012. The Hyannis-based commercial laundry company which has been servicing Cape Cod hotels, resorts, restaurants and other commercial businesses for over 25 years will be closing its two current facilities in Hyannis and merging them into the nearly 30,000 square foot building.

A key addition to this new facility will be the energy-efficient Milnor's CBW Tunnel System, which reduces energy and water consumption by nearly 50%, making CCCLS a certified "green" laundry under the Laundry Environmental Stewardship Program, which prides itself by reducing the consumption of energy and by-waste production. The Tunnel System will also be joined with a 90% efficient Chicago Powerhouse ironing machine. The major investment into American-made equipment will enable CCCLS to offer the finest quality in the region.

The closure of the current CCCLS locations at 485 West Main Street and 32 Baxter Road, Hyannis will be gradual, giving the company the opportunity to continue to provide uninterrupted customer service. A comprehensive development plan has been established and both existing and new customers are encouraged to contact CCCLS for complete details.

Established in 1985, Cape Cod Commercial Linen Service, Inc. has been proudly servicing the region's finest resorts, hotels, restaurants, and clubs. For more information about CCCLS and its services, please visit www.cccls.com or contact its President & Owner, D. Jeffrey Ehart at (508) 771-5033.
